## Child Protection Information

Everyone at St. Augustine's Catholic Primary School shares an objective to help keep our children safe. We do this by providing a safe environment for children to learn and play, identifying children who are suffering or likely to suffer significant harm, and taking appropriate action with the aim of making sure they are kept safe both at school and at home.

In order to achieve this objective, we have systems in place which are designed to:

- Prevent unsuitable people working with children;
- Promote safe practice and challenge poor and unsafe practice;
- Identify instances in which there are grounds for concern about a child's welfare and initiate or take appropriate action to keep them safe: and
- Contribute to effective partnership working between all those involved with providing services for children and young people.

If you have any concerns about a child then please contact the following:

Role	Name	Contact Details
